2. Once logged in to your patient portal, click the orange 'Start Questionnaires' button to begin.

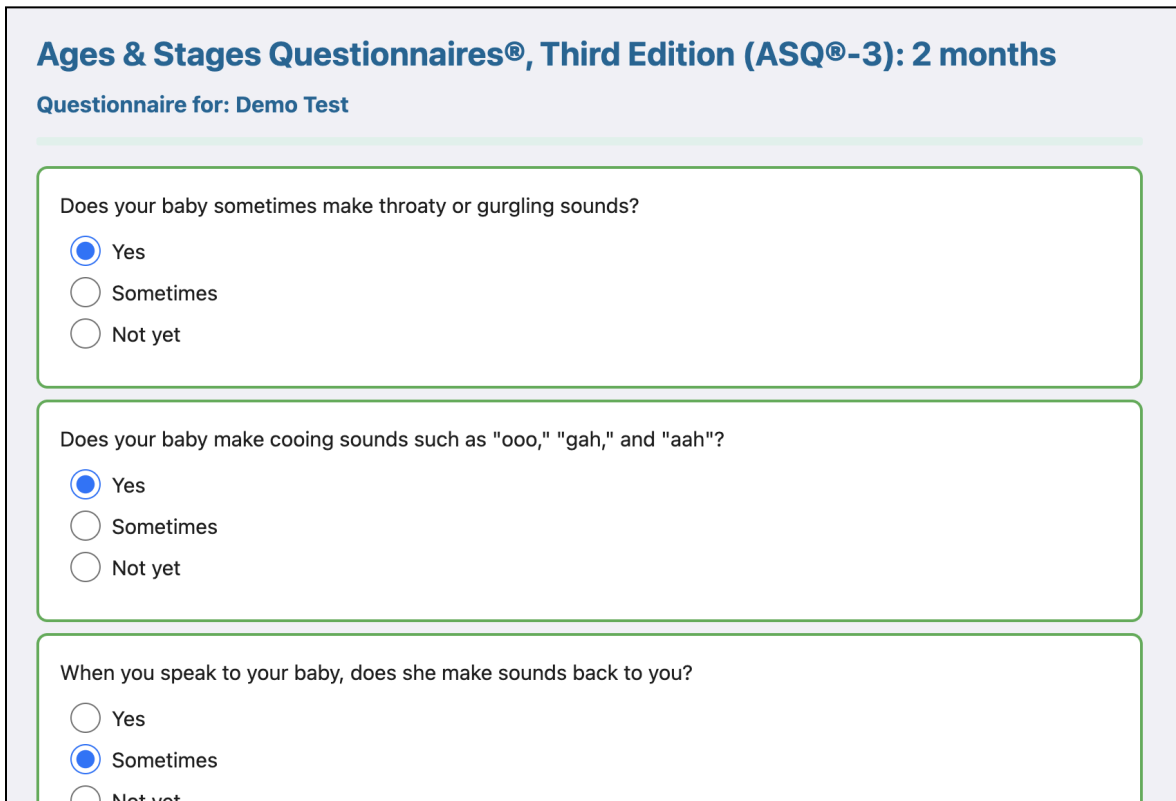

The screenshot shows a patient portal interface. At the top, there are buttons for 'Sign Out', 'My Kid's Chart', and 'Settings'. Below these is a welcome message: 'Welcome Erica Zang'. Underneath is a section titled 'Patient Charts' with a button for 'Kent Zang 01/09/14'. The next section is 'CHADIS Questionnaires', which contains a prominent orange button labeled 'Kent - Start Questionnaires' and a button for 'CHADIS Home'.

- You will be taken to the CHADIS website to complete your medical questionnaires. Click on your first questionnaire to begin.

The screenshot shows the CHADIS website interface. On the left is a navigation sidebar with the following items: "Questionnaires" (with a green badge showing the number "2"), "MemoryBook Care Portal", "Invitations", and "Return to Patient List". The main content area is titled "Questionnaires for Demo Test" and contains two questionnaire cards. The first card is for "Ages & Stages Questionnaires®, Third Edition (ASQ®-3): 2 months", marked as "New" and assigned on July 1, 2024 by Hana's Test Office. The second card is for "Edinburgh Postnatal Scale", also marked as "New" and assigned on July 1, 2024 by Hana's Test Office. Both cards have a right-pointing arrow icon.

- Complete the medical questionnaires that your healthcare provider has assigned.

The screenshot displays the "Ages & Stages Questionnaires®, Third Edition (ASQ®-3): 2 months" questionnaire for a demo test. The questions and selected answers are as follows:

- Question: "Does your baby sometimes make throaty or gurgling sounds?"  
Selected answer:  Yes
- Question: "Does your baby make cooing sounds such as 'ooo,' 'gah,' and 'aah'?"  
Selected answer:  Yes
- Question: "When you speak to your baby, does she make sounds back to you?"  
Selected answer:  Sometimes

- When you have completed the first questionnaire, click on Send it. I'm Done!
